

By the end of this unit, students will be able to...

- Explain how an organization with synergy differs from an organization without synergy.
- Write a complete definition of synergy in your own words.
- Summarize how a leader creates synergy.
- Explain how diversity affects synergy using examples.
- List the three approaches to diversity.
- List and describe the seven different kinds of intelligences.
- List and describe the four different 'colors' of leadership styles.
- Summarize the seven steps of becoming synergistic.
